

WHAT WE DO

All of Munroe Murder Mysteries™ events are fully customized to match your theme, accommodating your guest and location requirements. This makes your event a truly unique and once-in-a-lifetime experience for you and your guests!

Unlike other Murder Mystery companies, Munroe Murder Mysteries™ scripts are all written specifically for your event and guests and will never be used for any other event. This ensures that your event will be uniquely yours and not something that any of your guests will have seen anywhere else.

Munroe Murder Mysteries™ are also great in that they can be made to fit any occasion, location or size of event. Want to entertain guests for a dinner party? Want to enhance a true-crime loving ladies night? How about a weekend long sleepover event at a bed and breakfast? Whatever you can dream up, we can help bring your vision to life!

Because of the preparation involved in creating these amazing events, we tend to book events at least a month in advance. So be sure to contact us soon to book your special event and let's solve this TOGETHER!

The Detective is a format that requires a complete guest list (with emails) in advance.
